HEADTEACHER'S TIMES TABLE CHALLENGE

Before Christmas I set a challenge for the children to learn their times tables. Each half term there will be the opportunity to show their mastery to win a certificate and a small prize. Rapid recall of tables is invaluable and the sooner the children have learnt them the better. Make good use of those ten minute car journeys or queues in the supermarket! The first chance to take the Headteacher's Challenge will be on Wednesday 31st January. Start practising!
