

Reading is extremely important and it is good to read a range of different texts. When you have chosen a book try doing one of the activities listed in your reading journal. A copy of that list is below.

Reading Journal Activities

List four of the characters from the story and draw them.
Draw a timeline of the events in the story.
Look up ten words you are unsure of and find their meaning.
Write a summary of the story in your own words.
Compare two characters. How are they different? How are they similar?
Write a review of the book -Favourite part. Favourite character. Why?
Make a fact file about a character.
Choose a page and write a list of all the adjectives found on that page.
Write a new 'blurb' for the back of the book.
Draw a picture of your favourite part of the book and write about it.
Design a wanted poster for a character in the story. Remember to describe them well.

Numeracy

Times tables

Learn and practise times table facts. In Year 3 we focus on the 2, 3, 4, 5, 6 and 10 times tables.

If you are confident you know these and can recall them quickly then practise the corresponding division facts.

Read an analogue clock

Our Year 3 objective is to be able to tell the time on an analogue clock to the nearest 5 minutes.

Practise reading the time on the clock.

Read the analogue time and write it as a digital time.

Look at the listings for your favourite television programmes. Work out how long each programme lasts.

Measure

Find different objects around the house, estimate their length and then use a ruler to measure to the nearest $\frac{1}{2}$ cm.

Order your items from the shortest to the longest.

Look around the kitchen. Find different combinations of objects/foodstuffs which weigh 1 kilogram, 400 grams, $2\frac{1}{2}$ kilograms.

Measure out a litre of water. How many glasses can you fill? How much does each glass hold? How much water would you need to fill 6 glasses?

Shape

Look around your house. Find and list examples of 2 dimensional and 3 dimensional shapes within everyday objects.
